

One Day National Seminar on

Contemporary Issues in Intellectual Property Rights

Date: 30th April, 2023

Organized by

Department of Law, Aliah University, Park
Circus Campus, Kolkata *in association with*
Institutions Innovation Council, Aliah University

The Department of Law, Aliah University, Kolkata *in partnership with* Institutions Innovation Council, Aliah University is organizing a National Level Seminar to address the evolution, current trends, and issues related to intellectual property rights. The seminar's main goals are to examine recent significant developments in IPR and provide practical examples to enhance attendees' understanding of specific aspects of intellectual property.

Concept Note

Intellectual property rights (IPR) give creators and inventors exclusive rights to make money from their work, while also helping businesses and trade. India has made good progress in creating its own rules for IPR that are fair for everyone.

The seminar will help people learn more about IPR, including how India's laws are getting better at protecting IPR at home, how IPR cases are being decided in India, what laws India needs to

follow for IPR internationally, and how India is trying to make sure everyone follows IPR rules. The seminar will talk about how IPR is changing, what problems need to be solved, and what it all means for everyone.

Object of the Seminar

The Seminar aims to facilitate the exchange of knowledge and perspectives on IPR and IP law among educators, legal experts, practitioners, IP activists, and individuals in their respective fields.
